

Damien Chevalier,  
IT Director,  
15 years with the Group.

*“Piing is a Group company that specialises in IT deployment, administration and maintenance. Our main role is to provide SELI OVERSEAS and the SELI-LOGIFI Group with an efficient, flexible and secure IT infrastructure that enables all users to work under the best possible conditions. It is also our job to educate colleagues about cybersecurity, a subject that is more important than ever. In October 2022, we were awarded the ExpertCyber label and we are listed on the French government’s cybermalveillance.gouv.fr website as a provider of services to businesses that fall victim to cyberattacks.»*
