

Micheline Guilloton,
Administration and Finance Manager,
30 years with the Group.

"When OVERSEAS was launched, we worked very hard to incorporate the new business, which meant we had to be flexible and quick to react.

We worked hand in hand with the teams to grow the company. The SELI-LOGIFI finance department is the glue that holds us together and I attach great importance to it.

With SELI OVERSEAS, I discovered a new profession, a new language, with all the challenges this entailed."
